

## ARM NEIGHBOR NATIONS, U. S. WARNED

TRIBUTE PAID  
FRED BRADLEY  
BY CONGRESSCOAST GUARD PLANE  
FLIES BODY TO  
ROGERS CITY

Washington, May 26 (AP)—A saddened Congress today paid tribute to Rep. Fred A. Bradley (R-Mich.) who died suddenly Saturday, less than three weeks after he warned his colleagues that a heavy volume of work was overtaking their strength.

Leaders of both parties joined in eulogizing the veteran Michigan legislator, who was stricken while on an inspection tour of the Coast Guard base at New London, Conn.

There never was "a finer public servant" than Bradley, said Senator Vandenberg (R-Mich.). Senator Ferguson (R-Mich.) described Bradley's death as a "shock to the nation", terming the Michigan representative "an honorable, loyal man, who always had the interests of the people of Michigan and the nation at heart."

After adopting a resolution expressing regret, the Senate adjourned.

Typical of other comments was that of Rep. Sam Rayburn of Texas, Democratic floor leader. He said of Bradley, "If he had lived, he would have made one of the outstanding chairmen of the committees of the present Congress."

**Stayed In Harness**  
Rep. John Dingell (R-Mich.) disclosed that he pleaded with Bradley only a fortnight ago to "reduce his heavy schedule" but that Bradley "was not the kind to shirk his duty or to lay down in harness."

The House also adjourned today out of respect to Bradley after hearing several members eulogize him.

Speaker Martin (R-Mass.) named Reps. Shafer (R-Mich.), Hoffman (R-Mich.), Dingell and Rep. Robert A. Grand (R-Ind.) to represent the House at the funeral services. They will fly to Michigan Tuesday.

House Sergeant-at-Arms William F. Russell, who is in charge of the funeral arrangements, said neither Senators Vandenberg or Ferguson of Michigan will be able to get away from the capital because of the press of tax legislation.

A Coast Guard plane bearing Bradley's body is scheduled to fly from New London to Michigan tomorrow morning, but it was uncertain whether the craft would land at Bradley's home city—Rogers City—or at Alpena.

The body will be taken to the Rogers funeral home at Rogers City. Plans call for a private funeral service at the funeral home at 2 p. m. Wednesday and for a 2:30 service at the Presbyterian church with the Rev. William J. Lichau officiating.

**Knox Is Candidate**  
Bradley will be buried in Rogers City Memorial Park cemetery beside his son, Carl D. Bradley, who died in 1933 at the age of two.

Flags on most buildings in Rogers City were at half mast today. Schools and business establishments will be closed Wednesday afternoon during the services.

Speaker Victor A. Knox (R) of the Michigan House of Representatives became the first candidate

Mrs. Truman  
Better, Sleeps  
Most Of Time

BY ERNEST B. VACCARO

Grandview, Mo., May 26 (AP)—An almost startling rally by President Truman's mother was reported tonight in high official White House quarters.

Sources close to the president, unquoteable by name, said that the 94-year-old Mrs. Martha E. Truman's tenacious hold on life was as surprising to them as it was to the president.

Officially, Brig. Gen. Wallace H. Graham, the president's personal physician, reported that Mrs. Truman has "held the gains she made during the day."

This pronouncement by Graham (at 11 p. m. CDT), was relayed by Press Secretary Charles G. Ross, following a report to newsmen by the president himself that his mother had shown a "slight improvement."

How long this improvement can be maintained was a matter of speculation. No one close to the chief executive discounted the overwhelming odds against a tired heart and a weak body.

Meanwhile, Secretary of the Treasury John W. Snyder flew in tonight to Kansas City from Arkadelphia, Ark., where he received an honorary degree from Ouachita College. He planned to confer briefly with the chief executive tomorrow before returning to Washington.

Despite the pessimistic tenor of recent reports on the president's mother's condition, his physician was understood to retain some of his original optimism.

Earlier the president told newsmen after another day at his mother's bedside: "I don't know whether to believe it or not."

"Amazing vitality," he said. An hour later he was enroute back here to work on official papers in a living room adjoining the stockroom of the 94-year-old patient.

"Whenever she wakes up, she wants to talk to me," he said simply. "I want to be there. She's sat up with me many times when I needed her. I want to reciprocate when she needs me."

Mrs. Truman sleeps most of the time now. Her heart is very tired and weak. Her body is worn by the wear of nearly a century.

LONG BUSINESS  
UPSWING HALTSModerate Recession Is  
Under Way, Commerce  
Department Says

BY CHARLES MOLONY

Washington, May 26 (AP)—A possible turn in the economic tide was called by the commerce department today with a finding that the long business upswing halted in April.

Meanwhile a Federal Reserve board analysis declared that even a "moderate" drop in the volume of operations or the level of prices would hit business profits more than it would the wage-earners employed by business.

The Commerce department noted that business activity still is at a high level, but its declaration that expansion had stopped pointed up contentions from some government and business analysts that a move toward a moderate recession is underway.

The Federal Reserve bulletin, published by the Reserve board, indicated guardedly that even if high or rising prices keep business receipts large, the relatively big share going into profits might have repercussions on the present high level of employment.

Move Begun In CIO  
To Sign Up 100,000  
Telephone Workers

Washington, May 26 (AP)—The CIO set out today to sign up all the telephone workers on the heels of a move for affiliation by a union of long distance operators.

The strike-groggy National Federation of Telephone Workers, which thus found itself in a struggle for survival, countered with plans to speed its change-over into a strong national union to be called the Communications Workers of America.

Philip Murray, president of the CIO, announced the formation of a "Telephone Workers Organizing Committee" to whip together a CIO telephone union from among representatives of other unions, including NFWA affiliates, whose membership he put at 10,000.

ONE DROWNED,  
TWO SAVED IN  
LAKE TRAGEDYB. PELTIER, 33, LOST  
AS BOAT CAPSIZES  
ON MISERY BAY

Bernard Peltier, 33, of Escanaba, was drowned shortly before 9 p. m. Sunday at Misery Bay nine miles south of Escanaba on the bay shore when his small boat overturned in the high waves.

His two companions, his uncle, John Peltier, of 1109 Ludington, 58, and Edward Wilson, 40, Ford River road, were saved when they clung to the bottom of the boat.

Their cries for help were heard by Charles Bessey, operator of a boat rental service at Misery Bay, who rowed out to rescue them.

**BODY RECOVERED**  
Sheriff William E. Miron reported recovery of the body of Bernard Peltier at 7:20 p. m. Monday and expressed his thanks to the many volunteer workers whose efforts made a thorough search of the Misery Bay area possible. The body was found in 12 feet of water about 1,000 feet south of Bessey's Point, not far from the scene of the drowning, and was recovered by Hiram Wellman, who was accompanied by Leland and Ardee Wellman.

More than six boats and dozen men were engaged in dragging for Peltier's body yesterday, while the two rescued men were being treated for shock and exposure at their homes. Relatives reported that Wilson had contracted pneumonia.

**Caught by Waves**  
Officers of the sheriff's department were notified of the accident at 9:30 p. m. Sunday and they reported that the survivors told them the accident occurred when the boat was caught in cross-waves while they were making their way toward shore. The boat was equipped with an outboard motor. They had fished during the afternoon, came ashore to eat their supper and then went out again at 7:45 p. m.

Coming in again they were about a quarter-mile off shore when the boat capsized. A fresh southeast wind was blowing.

Officers said the survivors told them that Wilson could not swim, and that he was told by John

RUSSIA ERASES  
DEATH PENALTYSentences Of 25 Years  
In Labor Camps  
Substituted

London, May 26 (AP)—The presidium of the supreme Soviet has abolished capital punishment in Russia and substituted 25-year sentences in labor camps for the death penalty, the Moscow radio said tonight.

The broadcast, heard here by the Soviet Monitor, said the presidium's decree applied to all crimes which heretofore have been punishable by death under Russian law.

Presumably the decree applied not only to crimes of violence, but also to political offenses. Political offenders frequently have been punished by execution in Soviet Russia and the purges of groups of persons in the government or army employ were carried out only after trial and conviction.

The decree harked back to the days of Czarist Russia when capital punishment was not in force and all malefactors guilty of capital crimes were sentenced to perpetual exile at hard labor in Siberia. The Czars abolished the death sentence in 1753.

The decree said "the application (of capital punishment) is no longer necessary in peacetime conditions" in the Soviet Union.

The presidium which issued the decree is an executive and directive body which acts between sessions of Russia's parliament, the supreme council of the union.

Way Cleared  
For Slash In  
Income Taxes

BY JACK BELL

Washington, May 26 (AP)—Hard-pressed Republicans cleared the way today for possible Senate approval this week of a bill to slash individual income taxes July 1 by beating down, 48 to 44, a Democratic motion to delay action until June 10.

Holding their own party members well in line, GOP leaders mustered a four-vote margin to defeat a proposal by Senator George (D-Ga.) to postpone consideration until Congress knows more about the extent of government spending for the fiscal year beginning July 1.

This presaged Senate action, possibly Wednesday or Thursday, on a measure topping about \$4,000,000,000 off the yearly liabilities of the nation's taxpayers.

President Truman has opposed an immediate tax cut, although he has said he would favor a reduction "at a proper time." Democrats hinted this could be Jan. 1.

The House voted previously to carry the proposed reduction back to last Jan. 1. It approved cuts of from 30 per cent for those with taxable income of \$1,000 or less and 20 per cent for most others.

The Senate finance committee revised this to bring the reduction down to 10.5 per cent on the highest incomes and limited the cut to 15 per cent for those with \$79,728 to \$302,396 taxable income.

NICARAGUA NOW  
RULED BY ARMYDownfall Of President  
Installed May 1  
Starts Trouble

Managua, Nicaragua, May 26 (AP)—The army took over the government today.

A strict censorship was clamped on communication within Nicaragua after the apparent downfall of Dr. Leonard Arguello, who was installed as president May 1 to succeed Gen. Anastasio Somoza, who had ruled as chief of state for 10 years.

Arguello, who candidacy was supported by Somoza, was chosen in February in the first presidential election in Nicaragua in a decade.

The Associated Press received the brief dispatch telling of the army's action shortly after 11 a. m. CDT. Attempts were made to reach Managua by telephone, but the New York Telephone Company said calls could not be put through because of censorship.

Travelers arriving in San Jose, Costa Rica, from Managua said Somoza had overthrown Arguello and that the deposed president had been held a prisoner since 1 a. m. today. They said also it was rumored in Managua there was gunfire yesterday between troops of the presidential guard and a group supporting Somoza.

Reliable sources in Panama said Arguello was being held as a prisoner in the presidential palace. Also arrested, they said, were about 30 commissioned and non-commissioned officers of the national guard who remained loyal to Arguello.

Mother, 58, Forgives  
Son Who Stole Her  
\$15,000 Life Savings

Pontiac, Mich., May 26 (AP)—An aging mother forgave an erring son whose \$12,000 spending spree with her savings made her life seemingly unbearable a few weeks ago.

Mrs. Walter Cisek, 58, asked authorities to drop their prosecution of her 22-year-old son, Joseph Lukas, on a grand larceny charge. Prosecutor Clyde D. Underwood agreed and dismissed the warrant.

Lukas was accused by police of taking \$15,000 his mother had saved and spending all but about \$3,000 in a wild cross-country spree with two companions.

The three were arrested at Erie, Mich., last week and assessed fines and costs of \$75 on charges of carrying concealed weapons. Lukas, who failed to pay the fine immediately, was given the alternative of six months to five years in prison.

Mrs. Cisek recovered from a suicide attempt undertaken shortly after she reported her money and her son missing.

## ARMISTICE REJECTED

Saigon, Indochina, May 26 (AP)—Hopes for peace in embattled Indochina appeared blasted today after President Ho Chi Minh of the insurgent Viet-Nam government angrily rejected what he said were "arrogant" French terms for an armistice.

**DRIVER ESCAPES DEATH**—Carl Carlson, 27, of 1419 Stephenson avenue, Escanaba, was injured yesterday morning when the Clairmont Transfer van and semi-tractor he was driving were struck by Soo Line passenger train No. 8 at the Masonville crossing. Carlson received

x-ray examination at St. Francis hospital in Escanaba, but the extent of his injuries was not immediately determined. His condition was believed not to be serious. The truck and van were thrown and dragged for nearly 100 feet. Carlson was released by opening a hole in the cab roof.

Bill To End State  
Liquor Control Is  
Killed By Sponsor

Lansing, May 26 (AP)—The Tripp returned it to committee last week proved House members "have not read it or understood it."

Tripp defended his motives in introducing the bill, asserting it was his "own thinking" and had not been suggested by any one else. He said the soundness of his proposal to place liquor enforcement with the state police was supported by the fact that five liquor commission inspectors now are reported under investigation.

The Senate buried in committee two bills which would have allowed city and village councils to adopt plumbing, electrical and building codes by reference without publication of the entire codes.

It also sent back to committee a bill to require municipalities to reduce the working hours of their firemen.

NEGRO ESCAPES  
LYNCHING MOBSawmill Worker Safe In  
Prison Cell; Hunt For  
Abductors Begins

Raleigh, N. C., May 26 (AP)—Godwin "Buddy" Bush, a negro sawmill worker who broke away from a white lynch mob and bolted into hiding in a pine thicket before last Friday, lay safely in a prison cell here tonight and Gov. R. Gregg Cherry said: "I believe the perpetrator of this awful incident at Jackson (N. C.) will be apprehended."

The governor made his statement after consulting by telephone with Assistant U. S. Attorney General Lamar Caudle in Washington. Bush, charged with attempting to rape a pretty, blonde Rich Square stenographer last Thursday night, was removed at gunpoint from the Northampton county jail by the armed, masked mob. Asked if the alleged abductors of the negro could be held under state law on charges of mob violence, the governor said:

"Certainly. We have laws to cover such action."

Earlier today at a press conference, Gov. Cherry reiterated his intention of apprehending the Jackson mob, but deplored a recent series of alleged attacks by negro men upon white women in North Carolina.

"I just don't understand their psychology," the governor said.

Warden Hugh Wilson of central prison, where Bush is now being held after surrendering to the protective custody of the F. B. I. last night, said the hungry, six-foot negro slept well last night and ate ravenously.

## BOY LANDS RAINBOW

Newberry, Mich., May 26 (AP)—Ten-year-old Matthew Villeneuve of Newberry struggled for 45 minutes Sunday to land a seven-pound, 26-inch rainbow trout from Black River. It was the largest rainbow taken from waters in this area this season.

TRIAL OF YOUNG  
LOVERS STARTSSanta Ana Girl And Boy  
Friend Charged With  
Killing Her Parents

BY FRANK FRAWLEY

Santa Ana, Calif., May 26 (AP)—Two solemn young lovers went on trial today in the yacht deaths of the girl's parents, financier and Mrs. Walter E. Overell.

Outside the courthouse throngs of curious spectators milled about in a misty drizzle, awaiting a chance to get within hearing distance of the trial's loud-speaker broadcast.

Louise Overell, chubby, 18-year-old heiress to her parents' estate of \$600,000, and George Gollum, her studious, 220-pound, 21-year-old boy friend, held hands tightly as they met in court for what promises to be the most dramatic trial of this city's history.

They are accused of slaying the 62-year-old Los Angeles financier and his 57-year-old socialite wife, Beulah, aboard their 47-foot cabin cruiser moored in Newport harbor shortly before midnight last March 15. The girl, an only child, and Gollum were ashore at the time, they told the arresting officers, buying hamburgers and milk.

As calling of names from the panel of 140 summoned for jury duty began, attorneys and court attaches estimated that the trial might require two months; it may take two weeks to select the 12 jurors and one alternate.

The bill would raise the general resident fishing license fee from \$1 to \$1.50 for man and wife and would establish a special trout stamp for \$1 for the taking of brook, brown and rainbow trout. The non-resident would be increased from \$2 to \$3 for a permanent license and \$1 to \$2 for a 10-day permit, with the trout license extra.

The trout stamp revenue would be earmarked for the propagation of trout in trout streams only.

The trout season closing would be extended from Labor Day to the second Sunday of September. A ban on taking bluegills through the ice at night would be eliminated as would permission to fish for lake trout throughout the year in northwestern lower peninsula lakes.

Escanaba Man Flees  
Chinese Resort As  
Communists Attack

Washington, May 26 (AP)—The American Consulate General at Tientsin advised the State Department today that two Americans were among 74 refugees who quit the Chinese resort town of Paitah when Communist forces attacked the town.

The group reached Tientsin Saturday in a Marine corps landing craft.

The Americans were Clinton Sharp, 713 South 17th street, Escanaba, Mich., and George Simmie, Lake County, Calif.

Mrs. Sharp and Mrs. Simmie, identified by the consulate as non-Americans, were with them.

Helicopters Rescue  
Six Americans In  
Nicaraguan Jungle

Panama City, Panama, May 26 (AP)—One of two helicopters flown from the United States went to the rescue today of six survivors of a crashed American Flying Fortress, who are marooned in the Nicaraguan jungles.

U. S. army headquarters here said the six had been located by search planes, and that kits of food and instructions had been dropped. Three of the men were together.

The search continued for four other men who are believed to have parachuted from the plane. Fifteen men were aboard the Flying Fortress when it caught fire enroute from the Canal Zone to Kelly Field, Tex., and five already have come out of the jungle and been returned to the army base here.

AID FOR LATIN  
AMERICA AND  
CANADA URGEDPRESIDENT TRUMAN  
SEES MENACE IN  
WORLD EVENTS

BY MILT DEAN HILL

Washington, May 26 (AP)—President Truman asked Congress today to hasten a program of American defense from Cape Horn to the Arctic in view of "world developments."

He appealed for broad authority to supply arms to all Latin American nations and Canada, train the men of their armies and navies, and bring their equipment into standardization with that of the United States.

The program is identical with a bill approved last session by the House foreign affairs committee at the president's recommendation but which failed of passage.

**Maneuvers In Arctic**  
Mr. Truman wrote that "world developments during the year," which he refrained from specifying, "give still greater importance to this legislation" now.

Meanwhile the Army and Air Forces have scheduled new Arctic maneuvers for this summer and the Navy is pushing a program of converting submarines and other warships for operations in ice-filled waters.

Including Canada in the western hemisphere arms standardization proposals, Mr. Truman said that the British Dominion's "cooperation with the United States in matters affecting their common defense is of particular importance."

The United States and Canada cooperate closely on military matters through the Canadian-American permanent joint defense board set up in 1940 and still operative.

**Defense For Hemisphere**  
The legislation asked today by the president would permit the United States to arm, equip and train the armies, navies and air forces of all nations of the western hemisphere.

Specially, it would enable this country to enter into agreements with the other nations of the new world to:

1. Transfer arms, ammunition

Sugar Stamp No. 12  
Now Good; Another  
Due Before Aug. 1

Washington, May 26 (AP)—The agriculture department announced today that a third 1947 sugar rationing stamp good for 10 pounds will be validated "not later" than Aug. 1.

It announced also that spare stamp No. 12 in consumer ration books may be used immediately, instead of June 1 as announced two weeks ago. This stamp, good for 10 pounds, was originally intended to become valid July 1.

It said in a statement that if improvement in sugar supplies continues, additional sugar above the 35 pounds will be made available to consumers.

Escanaba Merchants Revive Annual Decoration Day Sales Today

# Driver Injured When Truck Hit By Train

Carl Carlson, Escanaba, driver for the Clairmont Transfer, local trucking firm, had a lucky escape from serious injury or death early yesterday morning when he was driving a truck which was struck by a passenger train No. 8 at the Masonville crossing of the railroad and US-2-41.

Thrown and dragged by the impact for approximately 100 feet from the crossing, the big vehicle came to rest on its side and it was necessary to cut through the top of the cab to release Carlson who was imprisoned inside. He walked with assistance from the wreck to an auto and was brought to Gladstone for medical treatment and then to St. Francis hospital where yesterday afternoon he was reported to be resting comfortably.

Carlson apparently was not badly injured. He had a bruised leg, a scalp wound and a possible nose fracture. There is a possibility that concussion may yet show up, his physician reported. X-rays were taken at the hospital.

The locomotive struck the van or trailer portion of the big vehicle and swung it around and carried it along the track some distance. Merchandise from the van was scattered on both sides of the right-of-way. The power unit from the semi-tractor was torn from the chassis and laid beside the tracks some 60 to 70 feet beyond the van.

Fortunately the locomotive was not derailed and it was brought to a stop about a quarter of a mile from the crossing. The front end was damaged, forcing the train to back to Gladstone where another locomotive replaced the damaged unit and the run to the Soo resumed.

R. I. Simpson was at the throttle of the train, and Albert

LeGault was the fireman. Fred Hoover was the conductor and Romeo Thivierge and Oscar Blomquist were the brakemen. All are of Gladstone.

Engineer Simpson said that as the big van approached the crossing the driver appeared to be looking right at him but seemed to make no effort to stop or turn off the highway.

## STORES HOLD SALES EVENT

Decoration Day Program Revived By C-C Retailers

The retail division of the Escanaba Chamber of Commerce will hold its postwar revival of the annual Decoration Day Sales for three days, beginning today.

Decoration Day Sales were a popular merchandising event, staged on a cooperative basis by Escanaba merchants, before the war. It has not been held for a few years, but its revival this week is expected to attract shoppers from a wide surrounding trade area.

Merchandise is being offered at greatly reduced prices by all participating stores. For more details, readers are asked to glance at the advertisements appearing in this issue of the Escanaba Daily Press.

## Mrs. M. J. Conant Dies In Marinette

Mrs. Margaret J. Conant, 59, of Green Bay, a former resident of Menominee and sister of Mrs. W. P. Miller, of Gladstone, died Saturday at the home of her son, Harry W. Conant, in Marinette. She had been ill for 5 months.

Mrs. Conant, who was born in Nahma, lived in Menominee for many years, moving to Green Bay 13 years ago. She leaves her son in Marinette; one daughter, Mrs. Margaret Schacht of Green Bay; 5 grandchildren and two sisters, Mrs. W. P. Miller, of Gladstone; and Mrs. Joyce Robitschek, of Hermosa, Calif.

Funeral services were held Monday at St. Anthony's church, Rev. Fr. Leo Binder officiating, and the body was taken to Garden City, Mich., for burial.

## Road Commission Purchases Mixer

The Delta county road commission in regular meeting Saturday approved the purchase of a Pulz-Mixer from the Straits Engineering company of Sault Ste. Marie for \$2,963.61, whose bid was the only one received on the piece of equipment. The mixer is used for cutting, sod, mixing gravel and clay and other work in connection with road construction and maintenance.

The commission also instructed the engineer to negotiate for the purchase of right-of-way for one-half mile of county road on the west side of Escanaba township, providing an outlet for the people residing in the area who now must travel through Perronville to reach highways leading to Escanaba. Construction of the proposed road must wait until right-of-way has been obtained.

Of the 18,000 modern residents of Greenland, only 600 are of European origin, the remainder being Eskimos.

## LIBRARY HELP TO COMMUNITY

Speakers Describe State  
Program To Escanaba  
Service Clubs

The community benefit accruing from a good library, both in the educational and cultural fields, was described to Escanaba service clubs yesterday by Evelyn Parkes, Lansing, and Mrs. Zona Williams, Marquette, of the Michigan State Library staff.

Mrs. Williams addressed the Kiwanis club and Miss Parkes the Rotary club yesterday noon, and both spoke to the Lions club last night. Miss Parkes is trustee consultant of Michigan State Library, and Mrs. Williams is U. P. field representative.

Miss Parkes said that education has often been said to begin in the schools, and to reach its ultimate possibilities through the information obtained in the library. The library itself, she declared, might well be called a part of the community's educational system.

"Libraries are bulwark of democracy which we can ill afford to circumscribe in any way," she said.

There are now more than 300 libraries in Michigan, of which more than 25 are county libraries, Miss Parkes continued. She said that she understood this county was interested in the county library plan, which would provide library service to people in rural areas who are now without such service. Eventually a bookmobile—a traveling library in a truck—might become possible, she observed.

Business and professional men,

## National Guard Unit's Strength Reaches 34

The membership of Company C, Delta county National Guard unit, was increased to 34 with the enlistment yesterday of one Escanaba man and three more Gladstone residents, S-Sgt. LeRoy Erickson, in charge of the temporary recruiting office, 1215 Ludington street, reported yesterday.

as well as other taxpayers, were urged by Mrs. Williams to utilize the services of the public library.

"The library is a community resource you are paying taxes for, but you will not get your money's worth unless you ask for its services," Mrs. Williams said.

Mrs. Williams urged her hearers to ask the library for their needs, pointing out that it will always make an effort to obtain any information or other services requested by the public. She said there is a great need at the present time to extend library services to the rural communities. About forty per cent of the Upper Peninsula does not have direct access to books in public libraries, she continued. Mrs. Williams added that county library systems are now being established in Michigan and elsewhere in the nation in order to bring books and other library services to rural residents.

Mrs. Williams, who was born in Ishpeming, was employed in the Wayne county library before joining the extension division of the Michigan State Library. She is now in charge of the extension office, located in Marquette and serving the Upper Peninsula. She received her library training at Simmons college.

New members are Keith Trombley, 218 North 13th street, Escanaba, and Milford Young, 510 Montana avenue, Donald Lamberg, 603 North 10th street, and James Beauchamp, 605 Superior street, all of Gladstone.

The Gladstone men join Lloyd Lessard, 1306 Dakota avenue; Louis Burnette, 619 Delta avenue, and Laurence Johnson, 1311 Delta avenue, also of Gladstone, who became members of the Delta county organization at last week's drill period.

In addition, several men from Wells and Bark River, as well as Escanaba and Gladstone, have been interviewed and are expected to be enlisted at the next drill period at the State Fairgrounds Army Thursday evening.

Men are being recruited throughout the Upper Peninsula. It was pointed out. Companies at Marquette, Calumet and Sault Ste. Marie are expanding also in conjunction with a statewide campaign.

Aggregate strength of the Michigan National Guard as of May 15 is 3,295 officers and men, representing a gain of 193 men since May 1. Michigan's 46th division, successor to the 32nd "Red Arrow" division, has organized and obtained Federal recognition for 115 out of the 125 required units.

## GUN CLUB TO MEET TONIGHT

Election of permanent officers will be held at the meeting of the newly-organized Escanaba Gun club at the studios of Station WDBC 7:30 o'clock this evening.

Before the meeting, the group will inspect the site of the trap-shooting and skeet field on nearby Sand point.

Clem Tordeur, temporary chairman of the club, urges that each member bring one or more friends interested in shooting.

The state's authorized membership is 26,000 officers and enlisted men. Authorized strength of the Delta county unit is five officers and 129 enlisted men, of which it now has two officers and 32 men.

### Rep. Fred Bradley

THE sudden death of Rep. Fred Bradley as a result of a heart attack in New London, Conn. Saturday ended the career of a man who has been a devoted and conscientious servant of the people of the 11th congressional district for the past eight and a half years.

Rep. Bradley took the responsibilities of his congressional duties seriously and was an extremely hard worker to fulfill his obligations to his constituents in the 11th district, as well as his obligations on the national level. As representative of a congressional district that embraces half of the Upper Peninsula, Fred Bradley served an extremely wide territory and he served it so ably that he was elected to congress for five successive two-year terms.

In the present congress, Rep. Bradley's duties and responsibilities increased tremendously because his party came into control of the legislative leadership and Bradley was elevated to the chairmanship of the important house merchant marine and fisheries committee.

Only recently Bradley spoke out in typical frankness in opposition to the "seemingly endless round of parties" to which congressmen and particularly committee chairmen are subjected and announced that to protect his own health he was refusing a major portion of such social invitations.

Governor Sigler has announced that he will order a special election at the earliest possible date to name a successor to Rep. Bradley. It is a decision that will meet with approval from the voters of the 11th district. A year and a half remains in the present term to which Bradley was elected and the district cannot afford to be without congressional representation for that period of time.

### Privileged Germans

HOW the Russians are using extra cash and food bonuses to favored German officials to build a Communist hierarchy in the eastern occupation zone of Germany has been disclosed despite efforts of the Russians to maintain secrecy.

The Russians are using the same device, too, in a quest for former German military secrets, with the result that many Nazis are being showered with favoritism in the form of doubled salaries and ample food supplies to work with the Red occupation forces.

The policy has resulted in a new privileged class in the eastern occupation zone with the public administration staff swelled far more even than in the time of Nazi rule. It is a form of corruption in public office on a vast scale with mounting resentment among the German people. Because it is not only condoned but ordered by the Russian government, the people are helpless to combat it.

The feverish campaign to force Communism in the eastern zone makes the problem of writing the peace treaty for Germany even more difficult. The Russians are not in a hurry to draw a peace treaty, preferring to wait until they have organized the eastern zone thoroughly along Communistic lines.

### Public Recreation

THE importance of municipal recreation programs gradually is being more widely recognized to the extent that the time is not far away when all communities, large and small, will include the development of recreation as an essential part of public service.

The City of Escanaba pioneered in the Upper Peninsula on municipally sponsored recreation. Escanaba's program is still the most complete conducted by any city in the district. This is a program that has received generous public approval and support, so much so, in fact, that in the 1947-48 fiscal year the Escanaba city recreation department will operate on a budget of approximately \$30,000.

The cities of Gladstone and Manistiquette likewise developed community recreation programs in recent years. The latest municipality to show interest in the establishment of a similar program is Munising, where a survey is now being conducted to appraise facilities and community needs.

### Record of Impropriety

THE explanation of ex-congressman Andrew J. May that he interceded for the Garsson brothers merely because the Chicago ordinance officers disapproved of the Garssons hardly explains why the former Kentucky congressman, who was chairman of the powerful house military affairs committee, actually became a partner in the Garsson war-contract negotiations.

May went considerably beyond the relationship that existed between other con-

gressmen and their constituents during the war years on war contract negotiations. The evidence, in fact, revealed that May accepted bribes totalling \$55,000 from the Garssons, money that was paid to the former congressman in return for war contract favors.

If, as May charges, the officers of the Chicago ordinance district discriminated against the Garssons, it justified May's intercession on behalf of a constituent but not to the point of using his personal influence and authority to get war contracts for the Garssons in exchange for bribes.

May is not accused of merely helping a constituent in war contract negotiations. All congressmen did that and were expected to do so within the bounds of propriety. May is accused of accepting bribes from the Garssons in exchange for government favors. His entire record as chairman of the house military affairs committee is one tainted with impropriety and misconduct.

### Better Road Program

A BILL permitting the use of township funds to help county road commissions and for the improvement and maintenance of highways has been signed into law by Governor Sigler.

Many townships in Michigan, including some in Delta county, have sources of revenue greater than their financial requirements. The condition is aggravated by the sales tax diversion amendment which flows even more money into the treasury of townships that already possess substantial cash balances. Previously it was illegal for such townships to use this money to help improve and maintain the roads in their area.

The result was that some townships were badly in need of road repairs that the county road commission could not make because of lack of funds, but the township treasuries were bulging with surpluses growing larger and larger.

The bill enacted into law with Gov. Sigler's signature last week is designed to correct this situation. Townships desiring to use their surplus money to improve and maintain their highways will be permitted to do so. It is a sensible law and one that will help the county road commissions do a better job if given the cooperation of townships with cash balances.

#### EDUCATION VS. CATASTROPHE (Christian Science Monitor)

Catastrophe, says Charles Luckman, president of Lever Brothers Company, won in 1914 and 1939, costing the world 120,000,000 casualties and \$3,337,000,000,000. Yet today the United States spends the merest dribble of its income on education, while lavishing billions on liquor, tobacco, cosmetics.

Mr. Luckman is perhaps the doughty champion American education needs. He is shocked and angry, but fired with hope and brimming with plans. His voice is the dynamic voice of American business, but his aims are the revolutionary aims of a man who believes in the worth of ideas.

Let's take care of five and a half million educational "displaced persons," he says, by running the schools six days a week, 52 weeks a year, on a three-shift basis. Let's get the Army and the Seabees to build the necessary plant. Let's call for Federal aid. Let's hold up industrial real estate property assessments as the primary source of local school support. Let's have a \$3,000 minimum salary for teachers.

We hope his speech will shake a good deal of complacent thinking that believes in education as usual when a war on mass ignorance is demanded. It will not, however, produce the teachers who are the key to the whole program. They will come only as the whole American community gives evidence of a willingness to make sacrifices for education—as Mr. Luckman expresses willingness to sell 15 per cent less if the public will put the money into its schools and colleges.

Then, as noonday follows morning, one might expect to see a "boom" in teachers that would keep American schools humming like American factories.

It would make reading more interesting if more ghost-writers would catch the right spirit.

A Florida golfer made a five hole in three under par. Maybe he doesn't think a hole-in-one is possible.

## World Events Analyzed

BY MARQUIS CHILDS

New York, N. Y.—The towering cliffs of this city as though they had been built not by man but by some strange geological process. They are beyond the human scale.

In the same way, the economic power centralized in the canyon of Wall Street makes the money-power hoards of history look small indeed. The insurance companies centered here have assets of roughly \$50,000,000,000. Banks and trust companies have vast capital reserves. Giant corporations with headquarters in New York control and direct technological resources that extend to the farthest corners of the country and to the market places of the world.

So much depends on what is done, or not done, with this power, the decisions taken from day to day and week to week cast a long shadow over the future. Take, for example, the decision on the World Bank.

Obviously, the bank cannot function without the support of the New York financial community. Uncertainty over this support was one reason for the bank's slow and halting start.

Before he accepted the job of director of the bank, John J. McCloy went up to Albany to talk about this problem with Gov. Thomas E. Dewey. Approval of the State was necessary before insurance companies could invest in the bank's obligations.

The plan first put forward by representatives of the insurance companies had been to allow the companies to buy an amount of bonds up to the total subscribed by the United States, which is fixed at \$3,175,000,000. In their first discussion, McCloy and Dewey agreed on this formula.

Later, however, one of the ablest financial men in Dewey's inner council pointed out that this would have a curious look. It would seem to say, "Yes, we will buy bonds of the World Bank but only those which are underwritten by the financial power of the United States government." In other words, it would appear almost like a vote of no confidence in the bank of an international institution.

For this reason, in a later discussion another formula was evolved. It provides that the insurance companies may invest in obligations of the bank up to 5 per cent of their assets. This would mean a total from this source, at a conservative estimate of \$2,000,000,000.

It is, of course, small in terms of the desperate need of the world for rehabilitation. Measured against the exertion conservatism of the New York financial center, it is large.

If it were not for the fact that the stream of investment in domestic enterprise is drying up, the insurance companies might not be interested at all in the securities of the World Bank. That is one of the ironies of the brief moment in which we are now living. This drying-up of the stream of investment may well be the most meaningful of the storm signals that are now flying. Constant capital investment is imperative if the American economy is to function at anything like a high level.

The barometer of the stock market is being studied these days with painstaking attention. There have been many explanations in recent months for the market's behavior, which has been the behavior of a neurotic invalid, hovering between a desire for active, vigorous life and prolonged invalidism.

These explanations have sounded like the rationalizations we heard in 1930 and '31 as the depression deepened. They have a brave sound, like whistling in the dark.

Now some of the ablest observers are beginning to say that the sagging market is a true reflection of the belief in industry that prosperity cannot be sustained at the present high price level. There are other indicators. The froth on the wave of wartime prosperity has already disappeared. Night clubs and theaters are no longer doing a marathon sell-out.

If it happens, it will be senseless, utterly without reason. We have the greatest productive plant in the history of the world. We proved in the war that we could produce a volume of goods beyond the wildest dreams of the wildest prophets.

A depression will mean that we have not learned the lesson of our recent history. Given our accumulation of the world's wealth, we must export capital and goods even though it means a form of peacetime lend-lease. Otherwise, we shall go down under the burden of the wealth that is symbolized by this city.

en are still heard "wrenching" their hands, stockings, underwear, dishes, and what not, although to wrench (twist violently) such things is to subject them to rather harsh and destructive treatment. It would be much more seemly to "rinse" them. Rinse, like since, should rhyme with "mince."

I have mentioned before a speech peculiarity heard principally in the South—that of saying "pin" for pen, "cint" for cent, "din" for den. I am unable to account for this short "i" sound, although it may be a survival from the Elizabethan speech of Colonial days brought from Southern England to Virginia and spreading thence to other southern states.

At any rate, Southerners should watch the tendency to say, "minny min have sint for pinny pencils and tin cint fountain pens."

I know from first-hand observation that the habit is an extremely hard one to break. But it can be done, and the consequent improvement in speech will make the effort more than worthwhile.

## A New Twist to Oliver Twist

### Good Morning!

By The Bugler

IT'S FASCINATING —Newspaper people talk about their profession—if such it may be called—with considerable levity. Nothing amuses them more than to have starchy-eyed young recruits to the newspaper world say: "Journalism must be such a fascinating work!"

After a day, tramping a reporter's beat and coming back with an assortment of news about drunk drivers, building permits, stolen bicycles, tax allocation, meetings, and details incident to the last rites for one of the deceased of the community the fascination is more imagined than real. Newspaper people do not call it "journalism," either. Those who do are usually college graduates in their first year of post-graduate experience.

To the majority of people engaged in writing and editing newspaper copy, it is just "newspaper work." The "fascination" is there, of course, or they wouldn't continue as newspaper workers. But the people who are employed by newspapers and the atmosphere of newspaper offices, are never so exciting as pictured in the movies and books.

NEWSPAPER STORIES—Writing the newspaper story is a simple formula of Who, What, Where, When, How and Why. Example: Joe Doakes died at his home Thursday of cancer following a three-year illness.

Apply the formula to even the most complicated happening and it still comes out right. It can be done as effectively in reporting the current sessions of the United Nations as in announcing the demise of Mr. Doakes. The Associated Press furnishes an example: New York, (AP)—Andrei A. Gromyko, deputy Soviet foreign minister, declared tonight that the apparent United States monopoly of atomic energy production was an "illusion."

The six elements of the news story can be arranged as you wish, so long as they are there. Example: Cancer caused the death of Joe Doakes Thursday at his home, where he has been ill for the past three years.

IMPORTANCE FIRST — The well-written news story contains the most important element first in the sentence, first in the paragraph. It may require inversion and complete departure from narrative, but American readers have not only become accustomed to it—they like it. It saves time. Although what the average newspaper reader does with the accumulated time he saves no one has ever inquired about. It isn't news, anyway.

Example in "time-saving": War was declared on Japan today by the United States.

Example in time-wasting: The complete breakdown in diplomatic relations between the United States and Japan that occurred three months ago, occurred during a morning attack on Pearl Harbor by Japanese aerial forces, were events that precipitated the United States declaration of war against Japan.

Which story would catch your attention? And which one would tell the most in the fewest words?

NOT JUST BREVITY — The movies and the novels about newspaper people always present the reporter as a guy or a gal who

### Into the Past

Ten Years Ago  
New York, N. Y.—Gordon (Mickey) Cochrane, who suffered a fractured skull when hit by a pitched ball in the Tiger-Yankee game yesterday, was reported slightly improved by doctors, following a consultation tonight at St. Elizabeth's hospital.

An announcement that land classification maps of Delta county would be made this summer was the most important item of business at the meeting of the land zoning committee of the Delta county board of supervisors last night.

Lansing—In an effort to learn whether waterfowl areas can be restocked with ducks, game authorities here have planted 45 pairs of mallards in the Molasses river and the Butterfield area in north central Michigan.

George T. Gundry, auditor general of Michigan, will be Governor Frank Murphy's personal representative at the state convention of the Knights of Columbus which will be held in Escanaba May 29 to 31.

Twenty Years Ago  
London —The British government's decision to break off diplomatic and trade relations with Russia was approved by the house of commons tonight after an exciting debate.

Twenty-four residents of the Masonville township have filed with the Delta county clerk a request that the northern section of Masonville be separated and the new township called Oser.

Indianapolis, Ind.—Twenty-one qualifiers for the 500 mile Memorial Day race, the shattering three times of previous lap and qualifying records and the return of Tommy Milton, winner of the 1921 and 1923 races, to the driver's field were high lights today in one of the swiftest moving days in the history of the Indianapolis speedway.

knows what's going on behind the scenes and is prepared to dash off a story at the drop of a hat. These fictional "journalists" need only ask, "Should we break it, Chief?" and when the nod is given sit down and write a headline story.

Newspaper work isn't that way. On a story of any importance, and many of no importance at all, the reporter must do a lot of fact-finding and interview responsible sources before he starts writing. The gathering of the factual material that goes into a story is the biggest chore and one on which many reporters fail. A complete Who, What, Where, When, How and Why story cannot be written unless information on all of those points is obtained.

Brevity in a news story is worthwhile. But clarity should never be sacrificed.

THE FEATURE STORY—Newspapers have what they call feature stories, where the element of timeliness itself is not so pronounced, but the story is made or broken by the ability to report factual material in an interesting manner.

Subjects for feature stories range from button collectors and their collections to the man who remembers the big storm of 1898. Often the novice reporter is baffled by the complexities of the feature story. The rule of first things first still holds, however, and a little thought will bring out the lead sentence. Here are a couple examples:

"Thousands of buttons, little and big, of many colors and many uses grace the collection of Mrs. Joe Doakes, and tell their own interesting story of how men and women held their clothing together before zippers were invented."

And again: "The man who saw

Q. Can you tell me how to remove mildew from a shower curtain?

A. Apply to the curtain lemon juice with salt dissolved in it, or soak over night in sour milk. Then place out-of-doors in the sunlight to dry.

Q. Who were auto racings? "Big Ten" in 1946?

A. Ted Horn, the champion, George Robson (deceased), Emil Andres, Bill Holland, Tommy Himmelsitz, Walt Ader, Jimmy Jackson, Joie Chitwood, Rex Mays and Duke Dinsmore.

Q. Why was President Andrew Jackson known as "Old Hickory?"

A. Because, during the war with the Creek Indian nation (1813), Jackson and his men became so destitute that they fed on hickory nuts.

Q. What were the Moallakats?

A. The seven most sacred poems of the Arabians, a copy of which is believed to be forever suspended in the Kaaba of Mecca.

Q. Is there truly a freight car shortage?

A. Yes. During the past 15 years only half as many freight cars were built as are needed to keep the railroads running smoothly. In that same period the population increased by one-sixth and industrial production greatly expanded, thereby increasing the need for more cars.

Q. How many programs are included under the Social Security Act as amended in 1939?

A. Ten. Old age and survivor's insurance, unemployment insurance, grants-in-aid to State for needy aged, the needy blind, dependent children, maternal and child health services, crippled children services, vocational rehabilitation, and public health services.

Q. What is the origin of the name of the State of Texas?

A. It is derived from the Indian word "Texas" meaning friend. Friendship, incidentally, is the motto of the State.

### ANNUAL FLOWERING PLANTS

A 24-page booklet listing the annuals for the garden and describing ways of sowing seeds, transplanting and general cultivation; also ROSE GARDENS, a 4,000 word bulletin with directions for planting and growing roses in the home garden, now available. To obtain both copies, clip this announcement and send it with 10 cents to cover postage and handling costs to the Daily Press Service Bureau, 1217 30th St., N. W., Washington 5, D. C. State your name and address clearly.

the wind pick up his house and barn and sail them through the air for half a mile now has a bigger house and a bigger barn than those he lost in the big storm of 1898. Fifty years older and wiser now, Joe Doakes sat on the steps of his farmhouse porch, told about the time nature played its cruellest trick."

Feature stories are opportunities for depicting character, for description, and for the newspaper writer to inject a little creative writing into factual reporting. It's still work, however.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—James Clement Dunn, U. S. Ambassador to Italy, always has been considered one of the "safest" men in the State Department.

He fought hard to send munitions against Loyalist Spain, did his best to support Franco, used his influence against admission of refugees when Hitler began to tear up Europe.

He also married one of the wealthy Armour daughters, and Mrs. Dunn has been considered equally safe. Never has anyone suspected either of them of a "Red," thought, or being even remotely friendly to Russia.

Some weeks ago, however, the Un-American Affairs committee of Congress sent the State Department a list of employees whom they considered unsafe and subversive. The list included quite a few state department wives who had joined organizations listed as either Communist or Communist front.

After the list of alleged subversives had been with State Department officials for some time, members of the Un-American Affairs committee began to get restless. Nothing had happened. So one of the Congressmen called Assistant Secretary of State John Peurifoy and asked him why heads had not begun to roll. A purge of the State Department, he intimated, was in order.

"Well," replied Peurifoy, "do you want us to fire the American Ambassador to Italy?"

It so happened that the name of Mrs. James C. Dunn, wife of the Ambassador to Italy, led all the rest. She, like a score of other State Department wives, had belonged to "The Bookshop," a lending library just around the corner from the State Department which has been listed as a Communist-front organization. Mrs. Dunn, like the other diplomatic ladies, joined because she could get a discount of 15 per cent on her phonograph records and books.

### —MERRY-GO-ROUND—

Though Senator Claude Papper of Florida announced his intention to vote for the Greek-Turkish aid bill after trying to amend it, he finally changed his mind. Explaining his reversal, Pepper said: "I always thought Herod made a mistake by not changing his mind after he promised Salome the head of John the Baptist. His feelings that he had to carry out his commitment to Salome discredited Herod before history, disgraced Salome and just ruined John."

Add pocketbook Congressmen: Representative Milton West of Texas, who would benefit from government irrigation water in the valley gravity project in Texas, provided the project is exempted from the limitation that one can hold only 160 acres. West owns 1,200 acres. Despite the fact that he would profit directly, he has helped introduce a bill to exempt the area from the 160-acre limitation...

White House correspondent and art critic, after inspecting President Truman's \$10,000 collection of historical art: "Hanging is too good for them," quipped Democratic Party Boss Gael Sullivan after hearing that another state had ratified the GOP's two-term limitation on the presidency: "The only thing wrong with the Republicans' two-term amendment is that they couldn't make it retroactive."

### —SECRET LABOR DEBATE—

The closed-door sessions of the Senate-House conference on the labor bill have been featured by Senator Taft's determination to get the milder provisions of his bill adopted. He opened up the first conference by announcing:

"If you want labor legislation at this session, you can only go so far in adopting changes to the Senate bill. If you are going to insist on some of the tough features of the House bill, then I can tell you now that the Senate will not accept them."

"We're wasting our time talking here unless we approve something acceptable to the Senate," warned Taft.

The Ohio Senator added that he was confident he could muster enough votes (two-thirds majority) to override a presidential veto if the first labor bill was similar to that already passed by the Senate.

"But the same doesn't apply to the House bill," he continued. "We can't get enough Senate votes to override a veto of anything approximating that."

Reaction to the Taft plea varied. Tough-talking GOP Congressman Fred Hartley of New Jersey, author of the House bill, and fair-minded Gerald Landis of Indiana, agreed to "go along." Both, however, later put up a strong battle against the new National Labor Relations Board setup provided in the Senate bill.

Democrat John Lesinski of Michigan, a staunch new dealer, demurred. He declared that both the Senate and House bills were "punitive," though the House measure was "obviously far worse." However, he defended one part of the Senate bill—the establishment of judicial boards, as part of the National Labor Relations Board.

It's funny how convicts in various prisons have gone on a rampage. In fact, it's a riot!

Vacation flirtations seldom lead to anything—unless the wife hears about it.

We're not sure yet about the rage in summer clothes—unless it's from the hobbies who pay the bills.

The Bureau of Census estimated 142,000,000 now live in the United States. And we thought there were that many kids on our street alone.

## Garden

**Parties**  
Garden, Mich.—Ladies of the Catholic church who served on the committee which arranged the party at the St. John hall Wednesday night were Mrs. William Swear, Mrs. Frank Moran, Mrs. Clara Potvin, Mrs. Alfred LaVallee, Mrs. Prokop, Mrs. Kauten, Mrs. Giusiana, Mrs. Walter Stellwagen and Mrs. Charles Gauthier. Delicious lunch was served after play.

Paul Lamkey was honored by neighbors Monday night to celebrate his birthday. In games of sheephead, prizes were won by Mrs. Herbert Sill, Mrs. Nora Lester, Hyskes Thibault and William Winter. Tasty lunch was enjoyed and a gift presented to Mr. Lamkey.

**Accident**  
While picking flowers in the vicinity of the kindergarten school Tuesday afternoon, Stanley Lalonde cut his forearm badly with a piece of glass. He was taken by his father to the Nahma physician and three stitches were necessary to close the wound.

**Civil**  
Members met with Mrs. Heafield Wednesday afternoon and are invited to the home of Mrs. Katherine McNally for the next meeting on Wednesday, June 4th.

**Birth**  
Mr. and Mrs. Bonard Tatrow are the parents of a son born at the St. Francis hospital Monday. The baby weighed 7 pounds 6 ounces at birth and is the first in the family.

**Picnics**  
Though the last week of school has been stormy, teachers here were fortunate in choosing the fairer periods for their annual picnics. On Wednesday Miss Mildred Purtil took the pupils of the second and third grades to the Fayette Hall, mothers attending to share the responsibility and fun. Private cars were used for transportation.

Miss Marcella Winter took the kindergarten and first graders, Wednesday with their mothers, in the two school buses to Indian Lake but found this was already overcrowded and so went on to Riverside, Manistique.

Mrs. Rost, teacher of the fifth and fourth grades and Mrs. Leroy

Winter with the sixth and seventh grades were transported by bus to Indian Lake Tuesday, to enjoy their annual outing and picnic lunch.

**Briefs**  
Mrs. Margie Schram of Gladstone visited her brother, Rev. Fr. Thompson, Sunday.

Mrs. Al Forhart and infant daughter, Hazel Mae, returned from the St. Francis hospital Tuesday.

Mr. and Mrs. Bud Winter and Miss Fern Mellon attended graduation exercises at Nahma Wednesday night, their interest being centered in Miss Lucia Tobin, daughter of Mr. and Mrs. Clyde Tobin and niece of Mrs. Winter.

Miss Fern Mellon of Schaffer is visiting Mrs. Anna Gray.

Mr. and Mrs. Alvin Gray of Escanaba spent the week end here. Because of the cessation of the telephone strike the Misses Nancy Olmsted and Mary Kreshefske left Tuesday night by bus for their work in Jackson.

Mr. and Mrs. Paul Lamkey, Elmer Winter and Mr. and Mrs. Herb Sill visited relatives in Manistique Tuesday.

Mrs. Joseph Hermes, Mrs. Stanley Joke and daughter Barbara left Thursday to spend the week end in Green Bay. Barbara visited a dental specialist.

Mrs. Frank Labumbard and daughter, Nora Moore, of Racine, Wis., are visiting at the home of the former's sister, Mrs. Anna Gray.

### NOTICE Cornell Twp. School Election

The annual school election and business meeting of Cornell Twp. will take place June 3 at the Cornell Twp. Hall.

Polls will be open from 10 a. m. until 5 p. m. Two trustees will be elected for a term of three years. Nominating petitions may be had at the home of the secretary.

Lots of new tricks with clean, economical gas... your favorite cooking fuel! And it's unexcelled by any modern gas range in conventional cooking methods.

Glorious cooking results which made colonial Dutch Ovens famous are yours... automatically... with Maytag's new gas range. "Stored-up" heat is the secret!

## First Showing of the Sensational New

# Maytag Dutch Oven Gas Range

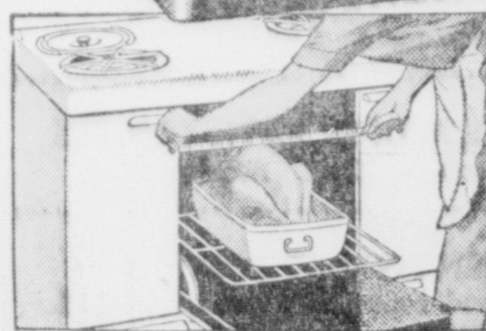

It cooks ON...  
with the gas OFF  
*Automatically*

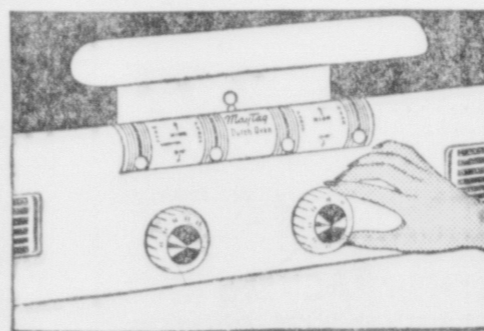

HERE's a range designed for the homemaker's pleasure and leisure... a range that's completely new from base to control panel... a range that brings you... Dutch Oven Cooking... The Maytag Automatic Way!

With a Maytag Dutch Oven all you need do is prepare your meal, place it in the oven, light the gas, set the automatic control, and then... forget it! While it's cooking, you're free as a breeze... free to do as you please... go where you please. While you're away, the gas will be turned off automatically, the oven vents closed and your meal will go right on cooking with the gas turned off! Hours later... come home, open your oven door, and there inside... your Maytag Dutch Oven meal... delicious, tender, rich with its own precious juices, and piping hot, too, just right to serve!

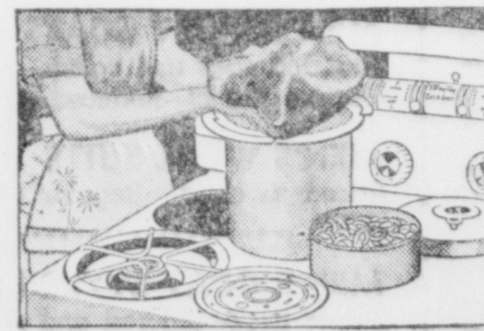

If you wish, you can cook with the Maytag Dutch Oven just as you would with any other gas range... but why should you? Maytag Dutch Oven Automatic Cooking gives you added leisure... time for a more enjoyable life... time for a fuller life... time to live!

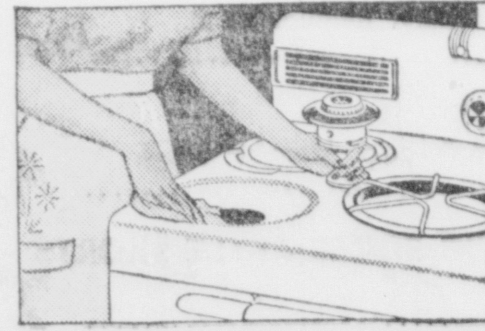

Kitchen's cooler, cleaner! Retained heat is the secret of Maytag's heavily insulated Dutch Oven. Vents close automatically when gas goes off. Kitchen stays cool and free of cooking odors, greases.

Cooks while you're away! Just set the Dutch Oven control dial. Automatically turns off gas, yet foods keep cooking by retained heat until deliciously done. (Safety note: small children can't reach the control panel.)

Full meal on one burner! The thrifty Dutch Cooler Well cooks an entire meal (including meat, vegetables and dessert) using only one top burner. Also ideal for cooking fruits, cereals and puddings.

Wipes clean in a jiffy! Heat-focusing Spiral Flame burners and chrome grids lift out so porcelain burner bowls and range top can be cleaned sparkling white with a swish of a damp cloth.

### Allies Run World Agency In Berlin

Berlin—The Allies in Germany are running the biggest "lost and found" department in history.

The property control branches of the four military governments have located and are administering thousands of properties within Germany for their rightful owners. These properties range from a soap factory to a shipment of glass eyes.

About 500 inquiries monthly reach the property control branches. Claimants include Americans and Germans, who were forced to sell their property by the Nazis under duress.

Properties in temporary custody of the American Military Government alone and claimed by nationals other than German now number close to 10,000, Earl N. Reinsel, chief of the American Military Government's Property Control Branch, says. Americans own 5,975 of these properties.

An optical company in New Zealand recently inquired about a shipment of glass eyes which it had ordered from a German firm just before the war. The eyes were found in the containers in which they had been packed seven years ago.

### Powers

Harry Johnson of Iron Mountain proprietor of the deep freeze locker plant, is having a new cabin built near the locker building. The Johnson family plan to live in the cabin when it is completed.

The local school will close, Friday for the annual summer vacation. Teachers from out of town who plan to return to their homes include Mr. Koch, Mr. Wiechick, and Supt. Sharon, Mrs. Donovan and Mrs. Gumm. George Hill will spend his vacation at his summer cottage.

John Giacobina has entered St. Francis hospital, Escanaba for medical treatment.

Miss Donna Eastberg of Menominee is visiting at the home of her grandparents, Mr. and Mrs. Earl Kell in Wilson.

### Fayette

Fayette, Mich. —Mrs. Henry Jacobsen, teacher of the Fairport school was unlucky in her choice of days for the annual picnic which was to be held at Sack Bay Thursday. With mothers attending to swell the number to take part in the little school, not such a happy time was had by all.

Alpha E. Bernard teacher of the Puffy Creek school, was also unfortunate in deciding on Thursday for the yearly picnic which was to be on the Fayette Hill, where there is a good ball field.

### Engadine

#### Benefit Dance

Engadine, Mich.—A dance will be held at the Hancock pavilion Wednesday evening, May 28, under the sponsorship of the Ladies' Aid society of Our Lady of Lourdes church. Ivan Kobasich's orchestra will furnish the music. The public is welcome.

#### Birth

Mr. and Mrs. Henry Collins are the parents of a daughter, born on May 25, at the Shaw hospital in Manistique.

Mary Greenfield Is the Bride Of Edward J. Blau

Gladioli in pastel shades were arranged with the lighted candles on the altars of St. Joseph's church for the wedding Saturday morning, May 26, of Mary Hope Greenfield, of 1907 Fifth avenue south, daughter of Mrs. Andrew Batcha, of Cleveland, Ohio, and William Greenfield, of Hammond, Indiana, to Edward J. Blau, son of Mr. and Mrs. Edward Blau, 413 South 9th street, Escanaba.

The vows were repeated before Rev. Fr. Alphonse Wilberding, O. F. M., who was celebrant of the nine o'clock wedding mass.

The choir of the church sang the music of the mass and the traditional bridal marches were played by Miss Eva Cossette.

The bride, who was given in marriage by her father, wore a peplum suit of aqua gabardine with white accessories and she carried a white missal, to the cover of which was attached a corsage bouquet of white roses. Her sister, Viola, who was maid of honor, wore a gold suit with white

accessories and a corsage of white carnations.

The bride's mother wore an aqua suit with pink accessories and a corsage of mixed sweet-peas, and Mrs. Blau wore a black ensemble with a like corsage.

**Wedding Breakfast**

A wedding breakfast was served to fifteen guests at Bell's, bouquets of snapdragons with the three-tiered wedding cake forming the table decorations.

The couple, following a motor trip through Wisconsin, will live in Escanaba.

The bride, who was graduated from Escanaba high school in 1945, is employed by Employers Mutuals. Mr. Blau, who is a graduate of St. Joseph high school, is with the Ford Motor Rebuilding company.

Out-of-town guests at the wedding were Mrs. Andrew Batcha, of Cleveland, and William Greenfield, of Hammond.

**ENDS CONSTIPATION AFTER 30 YEARS**

Eating famous cereal daily brought lasting relief

Wouldn't you welcome a way to end constipation, without harsh laxatives? Then read this sincere, unsolicited letter:

"I was constipated for thirty years and during that time took many kinds of laxatives. All I got was temporary relief. About five weeks ago I decided to try KELLLOGG'S ALL-BRAN for breakfast every morning and since then I haven't had to take a single laxative. I can't tell you how glad I am that I heard about ALL-BRAN." Wilson Gibson, 307 West Valley St., Morrilton, Ark.

You, too, may never have to take another laxative if you suffer from constipation due to lack of bulk in the diet. Simply eat KELLLOGG'S ALL-BRAN every day—and drink plenty of water. Try it for ten days! If not completely satisfied with the results, send the empty carton to the Kellogg Company, Battle Creek, Michigan, and get double your money back!

KELLLOGG'S ALL-BRAN is not a purgative but a wholesome food made from the vital outer layers of wheat. For best results eat as a cereal, or in muffins. Get KELLLOGG'S ALL-BRAN at your grocer's today.

## Schools Adopt \$430,464 Budget; Staff Increased

The Escanaba board of education in special meeting Saturday adopted a \$430,464 budget for the coming year and yesterday issued contracts to a staff of 107 teachers at a general teachers meeting.

Because of increased enrollment in the schools the board decided to increase the teaching staff to 107, which is eight more than this year. At a \$2,200 minimum salary for the additional teachers, the increased cost will be approximately \$20,000 for the year.

The total operating budget of \$430,464 for the Escanaba public schools this coming year is com-

pared with the budget of \$359,377 for the current year now drawing to a close.

Average teacher salaries for the coming year will be \$2,753 compared with \$2,350 for this year, it was reported by John Lemmer, superintendent of schools.

In its study of finances necessary in preparing the school budget, the board of education reported that it found it necessary to have a local tax allocation of 9.36 mills to meet its budget. The local tax rate for schools will depend, however, on the amount of state aid the schools are to receive. A meeting on state school aid is being held in Lansing today, and a decision is expected soon on anticipated school revenue from that source. Meanwhile the county tax allocation board postponed last night's scheduled meeting until more definite school aid information is received.

The budget adopted by the board of education provides that 68.8 per cent of all revenues will go for teachers' salaries; and that janitorial and other salaries will make the total salaries percentage to 82.2 of the total. This will leave but 17.8 per cent for operation and maintenance in the coming year.

A study of comparative per capita costs of education in other Michigan communities of comparable population was presented to the board as follows:

River Rouge	206.52
Ecorse	193.83
Holland	177.42
Ypsilanti	172.48
Ironwood	158.87
Niles	151.80
Benton Harbor	149.28
Owosso	139.30
Traverse City	135.71
Muskegon Hts.	135.65
Escanaba	132.08
Sault Ste. Marie	131.41
Alpena	121.03

The figures were from a study by the Michigan department of public instruction, Lansing.

nothing like it for thrills...

PEOPLE see things they like in all the 1947 cars. But the low-slung new Studebakers are the cars everybody remembers.

Each 1947 Studebaker is unmistakably a showpiece—excitingly different—thoroughly postwar. Even more thrilling, say many owners, is the way the new Studebaker handles and rides.

See it now! Only car with "black light" dash dials—self-adjusting brakes—unique new wide-vision windows and windshield!

## FESTIVAL PLANS GET FIRST PUSH

Workers Announced For Escanaba Spectacle, July 3 To 6

Plans for the Hiawathaland Festival to be held in Escanaba from July 3 to 6 are beginning to take shape, according to an announcement issued by William Duchaine, general chairman of the Hiawathaland Festival committee.

Mr. Duchaine released the names of the seven-man executive committee which will focus the eyes of the midwest on Escanaba. The division heads and their duties are vice chairman of the ex-

ecutive committee and chairman of the finance committee William Warmington, comptroller-treasurer Carl Nelson, chairman of publicity division Ken Gunderman, chairman of special events division Claude Tobin, chairman of spectacle division Charles Folio and chairman of hospitality division Pat Hayes.

At a meeting of the entire membership of the Hiawathaland Festival committee plans for the day by day program were discussed. Norman Wicks, promotion manager for the John B. Rogers Producing company, Fostoria, Ohio, stages of the mammoth historical spectacle to be held at the athletic stadium the nights of July 3, 4, 5 and 6, outlined to the committee the requirements for a successful festival. He complimented the committee on the ambitiousness revealed by its plans and on the extensiveness of the groundwork

that had already been laid to make the first annual Hiawathaland Festival a success.

Committee chairmen for the finance division and the spectacle division were announced by the respective chairmen of these divisions. The finance division as announced by Mr. Warmington includes Harry J. Gruber, associate chairman, underwriting committee Gust Asp, wooden nickle committee William Leiser, queen contest committee Jim Frenn, advance ticket committee Edward Kasun, reserved seat committee Mrs. John Fawcett, concessions Alvin Carlson. The spectacle division as announced by Mr. Folio includes John Lemmer, associate chairman, talent committee Nevin Reynolds, costume and makeup committee Gordon Flath, property committee George Embs and construction committee Clarence Pearson.

## Kresge Employees Vacation Longer

Employees of the S. S. Kresge store in Escanaba will have a chance to fun and sun a little longer this summer due to the firm's new schedule, says Manager C. K. Bowles.

Store employees with six months' to one year's service with the company receive one week vacation with pay. Those with one to five years' service receive two weeks with pay; those with five to 25 years' service receive three weeks with pay and those with 25 years or more, four weeks with pay. Employees who entered the service of the company after Mar. 1, 1947, are allowed to take vacations without pay before August 30, 1947.

Service time for determining vacations for men and women returning to Kresge's from military

service before August 30, 1947, is figured from date of employment including time spent in the armed services.

Railroads deliver an average of 4,000 cars of foodstuffs and fuel to New York City and its suburbs on an average day.

## Ike Williams Puts Milwaukeean Away With Right To Jaw

Philadelphia, May 26 (AP)—Ike Williams, 135½, share holder in the lightweight boxing title, let loose with a powerful right to the jaw in the fourth round tonight to knock out Juste Fontaine, 140½, Milwaukee, at the Arena.

The end of the scheduled 10 round bout came after one minute and 51 seconds of the round had passed. They had battled on fairly even terms through the first three sessions standing toe to toe through most of the third.

## Rose City Factions Air Vice Charges Of Methodist Minister

Rose City, Mich., May 26 (AP)—Warring factions in this little Ogemaw county community (population 325) gathered in the Methodist church basement tonight to air the minister's vice charges heard 'round the state.

Heading the two camps, were the Rev. Cecil H. Scott, crusading pastor, and Mayor Norton King, who also doubles as a restaurant operator and deputy sheriff.

Rev. Scott, whose charges of laxity in liquor law enforcement started the tempest, was supported by the six members of his church board. King was backed by six Rose City councilmen, some of whom resented the minister's reference to them as "wets."

The mayor and council reviewed their stand at a brief session preceding the meeting, which was closed to the public but open to newspapermen.

Between 25 and 30 persons were expected for the showdown hearing before County Prosecutor Melvin Orr, state police, sheriff's deputies and State Liquor Control commission representatives. Others at the meeting included spokesmen for the Veterans of Foreign Wars, the Rose City Athletic association, the town's three taverns and its only theatre and its board of health.

Rev. Scott also had the approval of Methodist Bishop Raymond J. Wade of Detroit and Dr. Frank M. Field of Saginaw, superintendent of the Saginaw-Bay City Methodist district.

The 44-year-old minister touched off the dispute with a letter to Gov. Kim Sigler asking an investigation of "deplorable" conditions here.

He charged that he had witnessed drinking and immoralities among minors and that local tavern operators were tipped off in advance of impending investigations by liquor commission agents.

His fight, he said, was aimed at "cleaning up" not only Rose City but the entire county.

Mayor King retorted that Rev. Scott was attempting to close "respectable" taverns and asked him to resign his pulpit.

## HOOVER BACKS FOREIGN RELIEF

Former President Favors Quick Separate Peace With Japan

New York, May 26 (AP)—Former President Herbert Hoover today urged the United States to make an immediate separate peace with Japan and charged at the same time that Russia was obstructing allied efforts to rehabilitate the former axis nations.

Hoover voiced support of the war department's proposed \$725,000,000 program for relief in occupied countries, urged the establishment of a temporary centralized German government in the American and British zones of Germany and said:

"We might even contemplate a separate peace with this (German) government if the next conference of foreign ministers does not succeed in more constructive policies."

In a letter to Chairman John Taber (R-N. Y.) of the House appropriations committee outlining suggested methods of restoring the German and Japanese economies to lighten the load on American taxpayers, Hoover wrote:

"The reasons for continuous obstruction by Russia to every effort which would restore production have at least some expression in the Russian press as a method

and implements of war to the 20 Latin American republics and Canada.

2. Train their military, naval and air personnel in the methods used by the United States.

3. Maintain, repair and rehabilitate their planes, tanks, guns

by which the United States can be bled white by relief measures. We should wait no longer. Russia will not make war about it."

The United States could transfer surplus army and navy equipment to the other nations "on such terms as the president shall find satisfactory."

Nations receiving equipment would be required to pay the cost of any new materials manufactured specifically for them.

## ONE DROWNED, TWO SAVED IN LAKE TRAGEDY

(Continued from Page One)

Peltier to get on the bottom of the boat and stay there. The boat had three cushion life preservers and John Peltier caught up two of them as the boat went over.

Swam Toward Shore  
Once on the bottom of the boat they looked about for Bernard Peltier and saw him about 75 feet from the boat, apparently trying to swim for help. The third life preserver was later found between the boat and the shore, and they presumed that it had been used by Bernard until it escaped his grasp or he collapsed and let go of it.

The boat drifted toward shore and then stopped, the anchor holding it in deep water. Charles Bessy rescued the men in a rowboat he put out after hearing their cries for help.

Deputy Sheriff Clarence Johnson and Emil Johnson reported that "John Peltier's courage and quick thinking saved his life and that of Wilson." They added that "Bessy risked his life in going out with his little boat to give them aid."

Born In Escanaba  
The search for Peltier's body continued yesterday despite high winds and rough water. Escanaba Coast Guardsmen, sheriff's officers and volunteers made up the group dragging and searching.

Bernard Peltier was born in Escanaba, May 16, 1914, and has lived here all his life with exception of the years spent in military service with the U. S. Army Air Force Signal Corps. He entered service on Jan. 13, 1943, and was sent to the southwest Pacific in July of that year. Since his return from service he has been employed as a steward at the Elks club.

Surviving are his wife, the former Bettie Grant, daughter of Mr. and Mrs. John Donovan, with whom the young couple made their home at Ford River road; his parents, Mr. and Mrs. Joseph Peltier of Escanaba, and the following brothers and sisters, Mrs. Clarence Weber, Carol Jean, Theresa, and Charles of Escanaba; and Leonard of Detroit. His grandmother, Mrs. Virginia Calblot of Escanaba also survives.

Reckless Driving Charged When Car Hits Police Auto

Arthur Messier, 1223 Sheridan, was charged with reckless driving yesterday after an automobile that he was driving ran into an Escanaba police car at the intersection of Stephenson and Ludington early Monday morning.

The car was stopped for a red traffic light signal at the intersection when Messier's car hit the police car. Messier probably will be arraigned on the charge today.

Plant Quit Work  
Saturday

Employees at the Manistique plant of the Michigan Dimension company are now on strike.

A working agreement between the company and the United Furniture Workers, CIO, with which the employees are affiliated, terminated April 24 and about two weeks prior to this date the company and the union met in bargaining sessions seeking to negotiate a renewal of the contract. No agreement was reached on that date and the contract was renewed for 30 days. Sessions were continued until last Friday when a deadlock halted all further bargaining.

The union is asking a wage increase of 15 cents per hour, a 3 per cent insurance plan to be financed by the company, a union shop and five paid holidays, together with some minor changes in the contract.

The company maintains that its wages are fair—above the average for plants of this kind—that they have given substantial wage increases the past year and that conditions prevailing in the dimension industry at this time would not permit further wage increases. The company agreed to the contract changes, and also agreed to pay for holidays, not worked, or to pay double time if

the holidays were worked.

The company, in a letter to employees stated that company customers were demanding lower prices for their product, cancellations were numerous and business conditions were very unsettled. Later on, if conditions improved, the company would consider the wage problem, the letter stated.

Ray Prime, vice president of the company and manager of the Manistique plant, in a statement to the Daily Press Monday, said:

"We asked the employees to attend a meeting scheduled for last Saturday night to vote on a proposed strike.

"The meeting was held as scheduled with a fine turnout of membership, but they were told that no vote was to be taken, that weeks ago the membership had given the committee full authority to do as they wanted, and a strike was to be called. A majority of the membership complained, but it did no good, and a strike was called effective at midnight, May 24. The plant is closed and will remain closed, thereby depriving many faithful employees the right to work."

The bargaining committee for the union consisted of Lawrence LaPorte, Dave Cooper, Alvin Winkler and Henry Gauthier. Ralph Williams of Grand Rapids was the International organizer for the CIO. Lynn Beman and Ray Prime handled negotiations for the company.

## HOW TO PAY TAXES

My Dear Sirs:

May 23, 1947.  
Cooks, Mich.

My shattered financial condition was due to federal laws, state laws, county laws, city laws, corporation laws, liquor laws, mother-in-laws, brother-in-laws, sister-in-laws and outlaws. Through these laws I am compelled to pay a business tax, amusement tax, head tax, school tax, gas tax, light tax, sales tax, liquor tax, carpet tax, income tax, food tax, furniture tax and excise tax. Even my brains are taxed. I am required to get a business license, car license, hunting and fishing license, and dog license. I am also required to contribute to every society and organization which the genius of man is capable of bringing to life: to woman's relief, the unemployed relief, and the gold diggers' relief, also to every hospital and charitable institution in the city, including Red Cross, the Black Cross, the Purple Cross and the double cross. For my own safety I am required to carry life insurance, property insurance, liability insurance, burglar insurance, business insurance, earthquake insurance, tornado insurance, unemployment insurance, old age and fire insurance. My business is so governed that it is no easy matter for me to find out who owns it. I am inspected, expected, suspected, disrespected, rejected, dejected, examined, re-examined, informed, required, summoned, fined, commanded and compelled until I provide an inexhaustible supply of money for every known need of the human race. Simply because I refuse to donate to something or other I am boycotted, talked about, lied about, held up, held down and robbed until I am almost ruined. I can tell you honestly that except for the miracle that happened I could not inclose the checks. The wolf that comes to many doors, nowadays, just had pups in my kitchen. I sold them and squared up.

Mrs. R. Anderson,  
R. 1, Box 64,  
Cooks, Mich.

## Mail Messengers

People who mail west bound letters at the depot are advised that this mail cannot be posted on the train on Sunday evenings until further notice. There will be no postal messengers on Sundays on Soo Line trains No. 6 and 7, and mail left at the depot will have to be returned to the post office.

In order to avoid delay in posting this Sunday mail, Postmaster Frank Gierke advises that letters be posted at the postoffice mail box not later than 6 o'clock in the evening. Closed pouches are received on Sunday trains but distribution is made farther along the line.

**In Memoriam**

In loving memory of our beloved wife, mother, and grandmother, Daisy Lamirand, who passed away eight years ago, May 26, 1939.

What would we give her hand to clasp,  
Her patient face to see,  
To hear her voice, to see her smile,  
As in days that used to be:  
But some sweet day we'll meet again  
Beyond the toil and strife,  
And clasp each other's hand once more,  
In heaven, that happy life.

Sadly missed by her husband,

**Psychologist Is Rotary Speaker At Noon Meeting**

"Psychology Applied to Business and Industry" was the theme enlarged upon at the Monday noon luncheon of the Manistique Rotary club by Dr. William H. Blum, professor of psychology and education at the Northern Michigan College of Education.

Applying psychology to the matter of selection of employees, supervising their work and their training is an intricate science requiring a vast amount of research, but it is an exact science definite in its production of results, said Dr. Blum.

The selection of an employee is an investment which must be sound to be profitable. There are places in industry for all types of employables, he stated, but it is a matter for the psychologist to ascertain where this for that applicant is best suited. He cited examples to show where even people of low mentality were better suited for certain types of employment than people of intellect but who are of a too high strung nervous temperament to endure the monotony and strain of these certain jobs.

Dr. Blum was for some time consulting industrial specialist with Stevenson & Kellogg, Ltd., Canadian affiliate firm of Stevenson, Jordan and Harrison, management engineers.

Gatling invented the machine gun.

CHORAL CLUB  
SCORES A HITAudience Thrilled By  
Wealth Of Beautiful  
Harmonies

The music of Bach and Tschalkowsky need not be reserved for presentation by symphony orchestras and grand opera chorals groups. The people of Manistique found the presentation of the chorals of these masters, sung Sunday evening by the Manistique Choral club, to be lifting and capable of the grandest of close harmonies.

This second concert of the choral club was a distinct hit. The large audience present lingered after the high school auditorium where the concert had been held, to enthrall over the splendid program. It was nicely arranged, there was a pleasing variety in the numbers and the harmonies produced—many without accompaniment—were deeply impressive.

The music accentuated the Easter and spring theme and the program had at first been planned for presentation at Easter time, but the club found the assignment an unusually big one and delayed the concert in order to do it justice.

Soloists were Mrs. Harold Cowdick, Mrs. George Morton, J. Earl Cousineau and Herbert K. Peterson.

An interlude was the presentation in violin of Sonata II and III, composed by Smetana II and III, composed by Smetana II and III, composed by Smetana II and III.

The enthusiastic reception of the concert and the generous donation received that evening has encouraged the club members to continue. Practice for next season's presentation of the Messiah will begin early next fall. There is likelihood also that other concerts will be presented next season.

Mrs. Fyvie, in expressing her appreciation of the interest shown by the public, urged that membership to the club be increased. "There is a particular need for more basses and tenors," she said.

Mrs. J. C. Norton was reelected president of the Gladstone Child's Welfare club at the annual bi-annual luncheon meeting of the club held at the home of Mrs. Henry Rosenblum and Mrs. Seymour Lewis.

Mrs. Lorraine Murphy was named first vice president, Mrs. Wallace C. Cameron second vice president, Mrs. F. S. Patton secretary and Mrs. Helmer Henrikson treasurer.

Named to the board of directors were W. C. Cameron, William L. Marble, J. D. McDonald, J. D. Staple, James T. Jones, Dr. A. H. Miller, Dr. O. S. Hult, Dr. J. A. Diamond and the Mmes. J. T. Jones, J. D. Staple, G. R. Empson, C. B. Fitzpatrick and Mrs. John M. Olson who was appointed to fill a vacancy caused by the death of Mrs. J. P. Bushong.

That the club enjoyed a successful year was indicated by the annual statement presented by Mrs. Helmer Henrikson, treasurer. Expenditures totaled \$12,000. Principal outlays were for 7,054 1/2 quarts of milk at a cost of \$1,057.15 and purchase of children's library books authorized from the Hancock Memorial Fund in the amount of \$274.37 which brought library book purchases from the fund over a 2 1/2 year period to \$789.89.

The annual Christmas Seal Sale was very successful, a total of \$419.28 having been received while disbursements from this fund totaled \$372.22. The Crippled Children's Seal Sale report was not given as final returns have not been received. It is said to again have been very successful.

Winners in the bridge contest which marked the afternoon were Mrs. B. C. Chatfield, first; Mrs. Russell Hetrick, second, and Mrs. Clyde Fitzpatrick, low.

# Bears Tip Manistique; Gladstone Takes Trenary

## FITZPATRICK GIVES 6 HITS

Home Nine Scores Four Runs In 6th; Pryal Gets Long Clout

The Escanaba Bears posted their second Rainbow league victory Sunday, defeating the Manistique Cardinals, 5 to 2, in an interesting game at the City diamond here.

Jim Fitzpatrick hurled the route for the Bears and did not allow a hit until the sixth inning. He was leading 5 to 0 when the Cardinals combined a scratch hit with two sharp singles to score their two runs in the seventh.

RAINBOW SUNDAY SCORES	
Southern Division	
Escanaba 5, Manistique 2.	
Gladstone 5, Trenary 3.	
Munising 10, Chatham 7.	
Northern Division	
Republic 5, Marquette 2.	
Ishpeming 9, Negaunee 1.	
Humboldt 8, Gwinn 3.	

The Bears scored one run in the first inning. Bob L'Houillier opened with a single and was sacrificed to second by Tom Dufour. Francis Pryal singled L'Houillier to third and then stole second. Ed Gauthier's single to right scored L'Houillier but Pryal was out at the plate.

Escanaba threatened again in the fourth, after Bob Dufour doubled to right field. Bob Anderson singled to left but Rubick's perfect peg caught Dufour at the plate.

The Bears had a big inning in the sixth, scoring four runs on three hits, a walk and two errors. Pryal walked and Gauthier and Bob Dufour followed with singles. Pryal scored. Anderson got a life on Hutchinson's error. Gauthier scored when Anderson was forced at second on a fielder's choice but Kip Derouin was safe at first when Hutchinson's throw for a double play was wild. Dufour scored on the play. Derouin stole second and went to third on Dale Wood's single.

In the seventh, Pryal clouted a three bagger for the longest hit of the day but died on third when Gauthier's sharp grounder was snagged by Rhoads on a spectacular play. Pryal's blow probably would have cleared the outfield barrier in right field if the fence had been erected.

Next Sunday the Bears play at Humboldt and the following Sunday at Ishpeming before making their next home appearance against Marquette here on June 15.

### GAME POSTPONED

The Public Utilities-Coca Cola game, slated to be held at the junior high diamond this evening, has been postponed until next Friday evening at the No. 4 diamond.

### K-Cs BEAT TRANSITS, 11-1

The Knights of Columbus, currently riding the crest of the National league with three victories, topped their third straight at Ludington Park yesterday afternoon by stopping Delta Transit, 11-1. F. Brown and H. LaCasse were the K-C battery, and Queen pitched and Nicholson caught for the Transits.

### HELEN'S AND BUDS WIN

Helen's and Bud's nine trimmed Degrad Oil company, 20 to 14, in a National league tilt played yesterday afternoon at the junior high field.

### LIBERTY LOANS LOSE

The Escanaba Paper company defeated Liberty Loans, 10-9, at No. 4 diamond yesterday evening behind Elgert, who won his second game of the season. Jim Kesler again paced the hitters with two safeties. The Lions got 10 hits but didn't capitalize on them.

## Miller Awarded Plaque For Long Service At Gwinn

At its luncheon-meeting in the Sherman hotel yesterday noon, the U. P. Coaches association presented Emil "Doc" Miller, former Gwinn high school coach, with a handsome plaque in commemoration of 25 years of coaching service.

From 1921 until he resigned in 1945, Miller's Gwinn basketball teams won nine district and four Upper Peninsula championships. C. C. Watson, Ishpeming, who succeeded Jim Rouman, Escanaba, as association president, said in making the presentation.

"We're all proud of the work you have done, Doc, in your long period of service at Gwinn," Watson said. Miller, surprised by the award, responded by saying the reward was not the matter of winning or losing games but, in looking back, realizing that somewhere along the route "you might have helped some boy along."

The plaque was inscribed with Gwinn's record, plus this tribute: "In recognition of his inspiring example to coaches and players in behalf of fair play and high professional standards."

## YANKEE BATTLE DRAWS 74,747

New York, May 27 (AP)—With the largest single game crowd in baseball history—74,747 paying customers—cheering them on, the rejuvenated New York Yankees pounded four Boston pitchers all over the Yankee Stadium lot tonight to flatten the Red Sox 9-3. It was the fifth straight victory for the Yankees who swept a four game series with the American league champions.

The triumph vaulted the Yankees into second place, three games behind the Detroit Tigers. The Red Sox dropped back into fourth place behind the Cleveland Indians.

### Baseball Movie At Rapid River Tonight

Rapid River, May 26 — Joe Cronin's well-known baseball movie will be shown at 8 Tuesday evening in the Rapid River high school gymnasium, it was announced today by Norman Slough, recreation director. The public is invited.

Rapid River is preparing for the opening of its baseball season in the newly-formed Bay de Noc league. The home nine will travel to Perkins next Sunday afternoon for the opener. Pitchers vying for the starting assignment are Carol Gilland, Knute Wright and Glen Putvin.

## Mullin Slips As McQuinn Takes Lead

Chicago, May 26 (AP)—First Baseman George McQuinn of the New York Yankees, cast adrift as a free agent by the Philadelphia Athletics last year, slammed 10 hits in 22 trips last week to replace Detroit's Pat Mullin as American league batting leader with .331.

Mullin's blistering 400 pace ended abruptly as he collected only eight hits in 32 appearances, sinking 47 points to a second-place .366.

McQuinn, who will celebrate his 36th birthday next Thursday, picked up 21 points on his spurt from third to first place.

## TIGERS SCORE 6TH SHUTOUT

Detroit, May 26 (AP)—Shortstop Eddie Lake's ringing sixth inning homer knocked Cleveland out of second place in the American league today as the league leading Detroit Tigers blanked the Indians 1 to 0 for their sixth shutout victory of the year.

Frank (Stubby) Overmire, Detroit's little southpaw who hadn't started a game this season until today, scattered six Cleveland hits and got good support afield to earn the shutout.

The Indians got only four runners as far as second and none to third as two double plays kept Overmire out of any serious trouble.

Don Black, who yielded just six blows in the seven innings he worked, was the loser and the Tigers got their seventh and last hit off Relief Pitcher Roger Wolf who worked the eighth.

Cleveland 000 000 000—6 0 0

Detroit 000 001 000—1 7 1

Black, Wolff and Lopez; Overmire and Wagner.

## HARRY THE CAT STOPS CUBS, 3-1

St. Louis, May 26 (AP)—Harry (The Cat) Brecheen stopped the Chicago Cubs with five hits tonight as the St. Louis Cardinals took a 3 to 1 decision from their southern nemeses, Johnny Schmitz.

It was the champions' seventh straight victory under the lights, and kept the Cubs from taking over first place in the National league.

Chicago 000 000 001—1 5 2

St. Louis 000 200 010—3 8 0

## RED LEGS BOW TO PIRATES, 5-1

Cincinnati, May 26 (AP)—The Pittsburgh Pirates collected nine hits from four Cincinnati pitchers tonight to defeat the Reds 5-1 before a crowd of 19,967. Kirby Higbe, who allowed the Red-Legs only one hit during the first seven rounds, retired in the eighth after giving up two doubles but received credit for the victory.

The Pittsburgh right-hander, who was in complete command until the eighth, drove in two runs during a three-run Pirate uprising in the fourth. A walk to Frankie Gustine, Ralph Kiner's infield hit and an intentional pass to Ed Basinske set the stage for Higbe's two-run blow. Basinski, who then scored on an infield grounder, was ejected by Umpire Al Barlick in the next inning for disputing a play at second.

## REDSKINS NAB 5-3 TRIUMPH

Gibbs, Boutilier Score Tying, Winning Runs At Bayshore Field

Gladstone—The Gladstone Redskins won their second straight victory of the current Rainbow league season Sunday afternoon defeating Trenary, 5-3, at the Bayshore diamond.

They did it the hard way, spotting their opponents three runs in the first inning, tying it in the third and scoring what proved to be the winning tally in the sixth. Errors proved the undoing of Trenary.

Trenary got off to a flying start when Drukmler walked, Latvala singled, Kaukoka tripled and Hytinen singled for three runs.

In the second inning Bizeau walked, was forced by Lundmark, Rothschild tripled and Boutilier singled for two runs. Gibbs scored the tying run in the third. Safe on an error he went to third when Gobert was safe on another error. He went home when Bryan forced Gobert at second and the throw to first for a double play was wide.

The winning run was made by Boutilier who singled, was sacrificed to second and went in on Gibbs' single. The Redskins added another in the eighth. Carlson singled, went to second on a wild pitch and scored on Bizeau's single to left field.

Each pitcher allowed but 8 hits.

## WILSON BOWS TO BARK RIVER

### Derocher Sets Fast Pace, Collecting Six For Seven

Bark River, May 26—Victim of a 19-5 loss at the hands of Hermansville in its opener last week, the Bark River nine bounced back into the swing of things with a sparkling 24-4 triumph over Wilson here yesterday afternoon.

The home nine scored in every inning except the fourth and ninth, collecting 21 hits off three Wilson hurlers. Wilson had one big inning, the third, in which it scored all four runs but was hapless the rest of the way.

WE wish to express our sincere appreciation and thanks to all the kind relatives, neighbors and friends who so kindly assisted us during our recent bereavement, the death of our beloved wife and mother. We are very grateful to Rev. Fr. Alphonse for his comforting words and other manifestations of sympathy, to those who served as pallbearers, sent floral and spiritual bouquets, donated the use of their cars and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us. Signed: THE DAGENAS FAMILY, 3863-147-11
